Padraig Lavery

Software Engineer, open to contract – Node.js, .NET/C#, Python | AWS, Kubernetes, Terraform

Belfast, Northern Ireland | LinkedIn | GitHub

SUMMARY

4+ years building and running high-volume, security-sensitive banking systems for UK and Middle East clients. Go-to engineer for production incidents: finds root causes, fixes them permanently, and leaves runbooks behind. AWS Certified Developer – Associate.

SKILLS

- **Languages:** JavaScript (Node.js), C#, Python, Go, SQL
- **Back end and front end:** Node.js, .NET Core, FastAPI, microservices, OpenAPI, Angular
- **Cloud and DevOps:** AWS (Lambda, Fargate, S3, EventBridge), Kubernetes, Helm, Istio, Docker, Terraform, GitHub Actions
- **Data:** PostgreSQL, MongoDB
- **Security:** PCI DSS remediation, Snyk, OWASP, audit logging

KEY RESULTS

- Eliminated recurring daily out-of-memory crashes in a high-volume transaction ingestion service by loading caches once per batch instead of per file.
- Fixed a live customer-facing outage in a Kubernetes/Istio ingress setup and corrected the Helm templates so it could not recur.
- Redesigned a month-end invoicing batch with per-partner error isolation, explicit timeouts and safe retry, so one partner's failure no longer aborts the run.
- Built audit logging of staff access to customer accounts across UK and Middle East bank portals for client compliance audits.
- Planned AWS SDK v3 and Node 22 runtime upgrades across repositories and bank deployments, remediating critical Snyk vulnerabilities for PCI DSS.
- Led a cross-team test automation initiative and stabilised GitHub Actions CI.

EXPERIENCE

Developer | Reward, Belfast | June 2022 – Present

- Backend, full stack and platform work on banking reward systems; go-to engineer for production incidents; mentors new starters and runs retrospectives.

Intern Software Engineer | Flexera, Belfast | May 2020 – April 2021

- Cloud-cost web API in Go, Docker and Kubernetes.

EDUCATION AND CERTIFICATIONS

- BSc (Hons) Computer Science, 2:1 – Ulster University, 2022
- AWS Certified Developer – Associate; AWS Certified Cloud Practitioner
